ADMISSION REQUIREMENTS

Program Eligibility:

- 4 CXC passes including English Language A, Biology, Chemistry and subjects to be studied.
- 16 years of age and over

YOUR CAREER

There are many areas in which environmental studies students may specialize. They include, but are not limited to, the following: Anthropology , Economics ,Ecology and evolutionary biology, Environmental engineering , Geology and geophysics , Environmental law and politics & Pollutants in the environment.

PROGRAM DESCRIPTION

Environmental Studies is a program that focuses on environment-related issues using scientific, social scientific, or humanistic approaches or a combination. The programme includes instruction in the basic principles of ecology and environmental science and related subjects such as policy, politics, law, economics, social aspects, planning, pollution control, natural resources, and the interactions of human beings and nature.

GRADUATION

Once students complete the required course work and have earned the applicable credits, they must fill out a Request to Graduate form which is available online for download or from the Admissions Office . They may attend the T.A. Marryshow Community College graduation ceremony as long as they are eligible to graduate.
