## ADMISSION REQUIREMENTS

### Program Eligibility:

- 5 CXC passes including English Language A and a science subject.
- 16 years of age and

## YOUR CAREER

Many exciting and high paying career options await our Horticulture degree graduates; the programme prepares students for supervisory, middle-management and technical positions in horticulture. Graduates may pursue further education in order to enjoy careers in landscape design, implementation, nursery as well as maintenance operations, professional sports turf, lawn care and allied horticulture operations.

## PROGRAM DESCRIPTION

The Horticulture Programme offers courses leading up to the Associate degree. Students may select to specialize in one of the three following options: Ornamental Horticulture, Olericulture (vegetables Production) or Pomology (Fruit Crops Production). A diverse range core and elective courses, including interdisciplinary courses are available.

## GRADUATION

Once students complete the required course work and have earned the applicable credits, they must fill out a Request to Graduate form which is available online for download or from the Admissions Office. They may attend the T.A. Marryshow Community College graduation ceremony as long as they are eligible to graduate.
