Welcome

Dear Students,

Welcome to TAMCC! I hope this Guide serves as a valuable resource, empowering you to make informed decisions about your academic journey and future career. At TAMCC, we are dedicated to providing quality education and exceptional value to every Grenadian seeking personal and professional growth.

Our programs are designed not only to educate but also to help you discover your unique place within our vibrant community. Choosing a program that aligns with your personality, interests, strengths, and talents is an important first step in realizing your full potential.

As you explore our offerings, please note that the College reserves the right to make changes to its programmes, fees, and other details published in this catalogue.

If you need further information or guidance, please feel free to contact our Admissions Office. As Registrar, I maintain an open-door policy and am more than happy to assist you personally with any questions or support you may require.

I look forward to welcoming you to TAMCC and supporting you on your journey to success.

Regards,

Dr. Marva Bowen Neptune, Ed.D
Registrar

OUR MISSION, VISION AND CORE VALUES

Our Mission

Leveraging innovation, inclusivity, human resource development, curriculum revitalization, 21st Century pedagogy, learner-centeredness and collaborative engagement to transform communities.

Our Vision

The premier learning institution that empowers individuals to harness their potential to build sustainable communities.

SCHOOL OF ARTS SCIENCES AND PROFESSIONAL STUDIES (SASPS)

BRIEF DESCRIPTION

The School of Arts, Sciences, and Professional Studies (SASPS) is the largest of the three schools at our College. It primarily offers Associate Degree programmes, with options to sit the Caribbean Advanced Proficiency Examination (CAPE) and the City and Guilds Examination in specific areas of study.

SASPS offers seventeen (17) Associate Degree programmes across five departments: Arts and Humanities, Business Studies, Natural and Related Sciences, Social Sciences and Teacher Education

GENERAL INFORMATION FOR SASPS STUDENTS

Admission:

- To qualify for admission, students must have a minimum of (5) CSEC subjects including English A, and specific subjects required for selected majors (where applicable.) **NOTE: For programmes where majors are offered students MUST select at least 2-3 majors.**

Study Option:

- Full Time (only)

Duration:

- 2 years, with the exception of Pharmacy, which is 3 years.

Tuition:

- Tuition-free **ONLY** for Grenadian citizens and OECS nationals under the Government of Grenada Free Tuition Programme. *Terms and conditions apply.*
- \$400.00 per course, per semester for CARICOM nationals and Cuban nationals. *Other fees may be applicable*
- EC \$1028.00 per course, per semester for international students. *Other fees may be applicable.*

Departments and Programmes

Department of Arts and Humanities

- Associate Degree in Arts and Humanities
- Associate Degree in English
- Associate Degree in General Studies*
- Associate Degree in Modern Languages

Department of Business Studies

- Associate Degree in Business Studies*
- Associate Degree in Office Administration

Department of Natural and Related Sciences

- Associate Degree in Environmental Studies
- Associate Degree in Environmental Technology
- Associate Degree in General Agriculture
- Associate Degree in Natural Sciences
- Associate Degree in Nutrition and Dietetics
- Associate Degree in Pharmacy

Department of Social Sciences

- Associate Degree in Physical Education and Sports
- Associate Degree in Psychology
- Associate Degree in Social Sciences*
- Associate Degree in Social Work

Department of Teacher Education

DEPARTMENT OF ARTS AND HUMANITIES

ASSOCIATE DEGREE IN ARTS & HUMANITIES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and 2 of the following subjects: English Literature, History, Art, Spanish or French.

MAJORS:

One Language (French, Spanish or English); Literatures in English, History, Art & Design

DESCRIPTION:

This programme provides students with a greater understanding of the fundamentals of Drawing and Painting, Literatures, Languages and the History of different cultures and times. Students study the art, music, Languages and literature that create the social fabric of many cultures both ancient and contemporary. Students choose 2 (two) of five possible majors from: Art & Design, Literatures in English, History, French or Spanish.

CORE COURSES

ART AND DESIGN

- Art History
- Art History Research Project
- 2D Art & Design Fundamentals
- Portraits, Figures & Portfolio
- 3D Art & Design Fundamentals
- 3D Processes & Portfolio Practice
- Design and Illustration Fundamentals
- Textile Arts Fundamentals
- Creative Research Journal
- Design and Illustration Portfolio Practice
- Textile Arts Portfolio Practice
- Creative Practice Project

LITERATURES IN ENGLISH

- Drama I
- Poetry I
- Prose Fiction I
- Drama II
- Poetry II
- Prose Fiction II

HISTORY

- Indigenous Societies
- Slave Systems
- Freedom in Action
- The Atlantic World: Revolutionary Changes
- International Relations: Justice, Peace and Reconciliation
- International Relations: Conflict and Liberation
- History of Grenada

ANY ONE LANGUAGE

- Review Modern Language Programme

POSSIBLE CAREER:

- Curator
- Conservator
- Artist
- Archaeologist
- Anthropologies
- Teacher in the related field of study

ASSOCIATE DEGREE IN ENGLISH

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and English B

MAJORS:

English, Literatures in English

DESCRIPTION:

This programme has been developed to give students more understanding and exposure to the structure and grammar of the English language. Students will develop a greater understanding of the range of the different varieties, registers and styles associated with English as well as the contexts in which these are deemed appropriate. The degree also aims to foster students' appreciation and comprehension of regional dialects and creoles with a view to creating cultural awareness and identity acceptance or affirmation.

CORE COURSES

- English Grammar I
- The Structure of the English Language
- Drama I
- Poetry I
- Caribbean English Creoles & Dialects/World English
- English Grammar II
- Prose Fiction I
- Advanced Academic Reading and Composition
- Drama II
- Poetry II
- An Introduction to Technical Writing
- Writing Portfolio Practice- Independent Project
- Prose Fiction II

POSSIBLE CAREER:

- Linguist
- Editor
- Journalist
- Language Engineer
- Language Programmer
- English Teacher

ASSOCIATE DEGREE IN GENERAL STUDIES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and the majors to be pursued

MAJORS:

Accounting; Art & Design; Biology; Chemistry; Economics; English; French; Geography; History; Law; Literatures in English; Mathematics; Management of Business; Physics; Psychology; Sociology; Spanish

DESCRIPTION:

An Associate Degree in General Studies will equip students with skills from various domains such as Social Sciences, Business Studies, Natural Sciences and Arts and Humanities. Depending on the combinations, at the end of their studies, students can fit into a variety of career fields.

CORE COURSES

- Review on the various Associate Degree Programmes where the majors are offered

POSSIBLE CAREER:

- Wide Range of Career possibilities based on majors pursued

ASSOCIATE DEGREE IN MODERN LANGUAGES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and the Languages to be studied.

MAJORS:

French, Literatures in English, Spanish

DESCRIPTION:

This programme is designed to enhance student's competence in the four skill areas of the languages- listening, speaking, reading and writing. They are also exposed to French and Spanish culture and literature. Students who do one of the languages with Literatures in English can receive an Associate Degree in Modern Languages by completing all three modules of Communication Studies.

CORE COURSES

LITERATURES IN ENGLISH

- Drama I
- Poetry I
- Prose Fiction I
- Drama II
- Poetry II
- Prose Fiction II

FRENCH

- L'Individu, La Famille et la vie Journalière
- La Société et Les Affaires Sociales
- L'Environnement
- Language & Societal Issues I
- Language & Societal Issues II
- L'Actualité
- La Science et La Technologie
- L'Industrie, Le Commerce et L'Economie
- Civilization and the Media
- Science, Economy & Trade

SPANISH

- El Individuo, La Familia, y La Vida Diaria
- La Sociedad y Los Asuntos Sociales
- El Medio Ambiente
- Language & Societal Issues I
- Language & Societal Issues II
- Las Actualidades
- La Ciencia y la Tecnología
- La Industria, El Comercio y Los Asuntos Económicos
- Civilization & the Media
- Science, Economy & Trade

POSSIBLE CAREER:

- Linguist
- Transcriptionist
- Lexicographer
- Translator
- Interpreter
- Foreign Language Teacher

DEPARTMENT OF BUSINESS STUDIES AND OFFICE ADMINISTRATION

ASSOCIATE DEGREE IN BUSINESS STUDIES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and any two of the following subjects: Economics/Mathematics, Principles of Accounts, Principles of Business

MAJORS:

Accounting; Management of Business; Economics

DESCRIPTION:

This programme provides students with a solid foundation in business knowledge, skills and practices to enable them to pursue successful careers in business or to further their studies. Students are provided with the opportunity to study courses from a range of business areas including accounting, economics and business management.

CORE COURSES

ACCOUNTING

- Accounting Theory, Recording & Control Systems
- Accounting for Different Forms of Business Organizations
- Financial Reporting & Interpretation
- Costing Principles
- Costing Systems
- Planning and Decision Making
- Computerized Accounting

MANAGEMENT OF BUSINESS

- Business & its Environment
- Management of People
- Business Finance and Accounting
- Production & Operation Management
- Fundamentals of Marketing
- Small Business Management
- Business Law
- College Mathematics

ECONOMICS

- Methodology of Economic Demand and Supply Analysis
- Market Structure and Market Failure
- Distribution Theory and Application of Recent Theoretical Developments
- Models of Macro-Economy
- Macro-Economics Policy Analysis
- Growth, Development and International Economic Relations

ENTREPRENEURSHIP

- The Entrepreneurial Mindset
- The Entrepreneurial Process
- Creativity and Innovation
- Essentials of Business Ownership
- New Venture Planning and Creation
- Managing and Growing the Venture
- Business Law
- College Mathematics

POSSIBLE CAREER:

- Accountant
- Manager
- Finance Office
- Payroll Clerk
- Supervisor

DEPARTMENT OF BUSINESS STUDIES AND OFFICE ADMINISTRATION

ASSOCIATE DEGREE IN OFFICE ADMINISTRATION

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and any one of the following: Principles of Business, Social Studies, Office Administration, French/Spanish

MAJORS:

None

DESCRIPTION:

This programme prepares students for a career in office administration. Students develop office skills, learn administrative procedures and study computer applications using Microsoft Office and other software packages such as QuickBooks. Emphasis is placed on the development of strong technical, communication and human relations skills and also document production.

CORE COURSES

- Word Processing Techniques
- Word Processing Techniques II
- Word Processing Techniques III
- Word Processing Techniques IV
- Power Point and Internet Use
- Introduction to Database
- Typewriting I
- Typewriting II
- Typewriting III
- Typewriting IV
- Principles of Speedwriting
- Speed Building I
- Speed Building II
- Social Skills
- Business Communication I
- Business Documents & Job Preparations
- Office Administration I
- Office Administration II
- Management of People
- Introduction to Principles of Accounts
- Computerized Accounting
- Business Ethics
- Spreadsheet Processing Techniques Essential
- Spreadsheet Processing Techniques Intermediate
- Spreadsheet Processing Techniques Advanced
- Fundamentals of Arithmetic
- Business Mathematics
- Introduction to Statistics
- Internship

POSSIBLE CAREER:

- Office Administrator
- Office Managers
- Business Administrators
- Administrative Assistance
- Secretary

ASSOCIATE DEGREE IN GENERAL AGRICULTURE

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and one science subject

MAJORS: NONE REQUIRED

DESCRIPTION:

This programme is designed to produce graduates with the prerequisite knowledge, skills and attitudes to undertake job responsibilities. Further, it provides a solid base for advanced studies in various fields of agriculture at the undergraduate level. During the two-year tenure, students will engage in practical activities relative to crop; and will be exposed to the use of modern scientific and business-like approaches to agriculture and farming.

CORE COURSES

- Soil Science
- Plant Physiology Taxonomy & Ecology
- Introductory Biochemistry & Organic Chemistry
- Sustainable Natural Resources
- Farm Practical
- Vegetable Production
- Apiculture
- Poultry Production
- Ruminant Production
- Agribusiness Management
- Plant Propagation
- Plant Pathology
- Irrigation and Drainage
- Non-Ruminant Production

RELATED COURSES

- Cell and Molecular Biology
- Genetics, Variation & Natural Selection
- Reproductive Biology
- Tree Crops Production
- Introduction to Animal Anatomy & Physiology
- Farm Building Tools & Machinery
- Principles of Pasture Management
- Land Surveying

#Facts: First year of the programme is based at the Tanteen Campus; Second Year is primarily based at the Mirabeau Campus

POSSIBLE CAREER:

- Field Officer
- Entrepreneur
- Farmer
- Agriculturist
- Horticulturist
- Commercial/Farm Manager

ASSOCIATE DEGREE IN ENVIRONMENTAL STUDIES

ADMISSION REQUIREMENT

5 CSEC subjects including English A, Geography and one of the following: Chemistry or Biology. Mathematics is an asset.

MAJORS:

Environmental Science, Geography

DESCRIPTION:

The Environmental Studies program is an interdisciplinary field of study that examines the interaction between humans and the environment. It integrates physical and biological sciences such as ecology, Geography, and Chemistry to address environmental problems and evaluate the impact of human activity on natural resources. The curriculum is designed to foster an understanding of environmental issues at local, regional, and global levels while promoting sustainable development. Students are prepared for diverse career paths in environmental management, conservation, education, and policy-making.

CORE COURSES

ENVIRONMENTAL SCIENCE

- Fundamental Ecological Principles
- Human Population and the Environment
- Sustainable use of Natural Resources
- Agriculture and the Environment
- Energy and the Environment
- Pollution of the Environment

GEOGRAPHY

- Population and Settlement
- Hydrological, Fluvial, Coastal & Limestone Environments
- Natural Events and Hazards
- Climate, Vegetation & Soils
- Economic Activity
- Development & Disparity in the Caribbean Region

OTHER CORE SCIENCE COURSES

- Fundamentals of Chemistry
- Industry & the Environment
- Genetics, Variation & Natural Selection

POSSIBLE CAREER:

- Field Officer
- Entrepreneur
- Farmer
- Agriculturist
- Horticulturist
- Commercial/Farm Manager

ASSOCIATE DEGREE IN ENVIRONMENTAL TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC subjects including English A and a related science subject (preferably Biology, Chemistry, Human and Social Biology).

MAJORS:

NONE

DESCRIPTION:

This is an inter-disciplinary programme that integrates society, economy and environment and equips the learner with the knowledge, skills and attitudes to understand and solve problems relating to local, regional environmental problems with a specific focus on the coastal zone and ocean. The programme further aims to integrate the community, institution and student through applied research.

CORE COURSES

- Introduction to Biology
- Microbiology
- Fundamentals of Chemistry
- Industry and the Environment
- Introduction to Geomatics
- Advanced Geomatics
- Soil Science
- Ocean Literacy
- Introduction to Integrated Coastal Stewardship
- Ocean & Coastal Sampling
- Small Vessel Operation & Handling
- Sustainability of Natural Resources
- Environmental Industry Practice
- Lab & Field Equipment
- Health, Safety & the Environment
- Sustainable Entrepreneurship

POSSIBLE CAREER:

- Field Officer
- Entrepreneur
- Farmer
- Agriculturist
- Horticulturist
- Commercial/Farm Manager

ASSOCIATE DEGREE IN NATURAL SCIENCES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and the Sciences to be Studies (Biology, Chemistry, Physics, Mathematics)

MAJORS:

Biology, Chemistry, Environmental Studies, Mathematics, Physics

DESCRIPTION:

This programme provides students with the opportunity to meet the prerequisites to continue preparation for careers as doctors, dentists, veterinarians, biologists, chemists and mathematicians. Students must choose two subjects from the areas of: Biology, Chemistry, Physics or Mathematics.

CORE COURSES

BIOLOGY

- Cell & Molecular Biology
- Genetics, Variation & Natural Selection
- Reproduction Biology
- Bioenergetics
- Biosystems Maintenance
- Applications of Biology

CHEMISTRY

- Fundamentals of Chemistry
- Kinetics & Equilibria
- Chemistry of Elements
- The Chemistry of Carbon Compounds
- Analytical Methods & Separation
- Industry & the Environment

ENVIRONMENTAL SCIENCES

- Fundamental Ecology Principles
- Human Population & the Environment
- Sustainable of Natural Resources
- Agriculture & the Environment
- Energy and the Environment
- Population of the Environment
- 15 hours training at Mirabeau Campus

MATHEMATICS

- Basic Algebra & Functions
- Plane Geometry
- Calculus I
- Calculus II
- Sequences, Series & Approximations
- Counting Matrices & Complex

PHYSICS

- Thermal & Mechanical Properties of Matter
- Oscillation & Waves
- Mechanics
- Electricity & Magnetism
- A.C. Theory & Electronics
- Atomic & Nuclear Physics

POSSIBLE CAREER:

- Any Science Related Field

ASSOCIATE DEGREE IN NUTRITION & DIETETICS

ADMISSION REQUIREMENT

5 CSEC subjects including English A and a related science subject (preferably Biology, Chemistry).

MAJORS:

None

DESCRIPTION:

This programme prepares graduates trained in nutrition and dietetics to satisfy the basic needs of the country and possibly the region. The programme provides a solid academic educational base and practical training for a variety of career opportunities through positions in health care, business, government service, private practice, food service industries, entrepreneurship, educational and community programs as well as preparing students for higher education. Its purpose is to enhance the nutritional well-being and health of individuals, families and populations, through the promotion of learning in nutrition and dietetics.

CORE COURSES

- Profession of Dietetics
- Food Preparation I
- Foundations of Chemistry
- Sanitation, Safety and Hygiene
- Introduction to Organic & Inorganic Chemistry
- Nutrition I
- Food Science
- Anatomy & Physiology 1
- Meal Management & Catering & Lab
- Introduction to Biochemistry & Lab
- Management of People

CORE COURSES con'td

- Anatomy & Physiology II & Lab
- Introduction to Clinical Nutrition
- General Microbiology & Lab
- Nutrition in the Life Cycle
- Internship (6 weeks)

POSSIBLE CAREER:

- Dietetic Technician
- Dietary Clerk
- Nutrition Care Assistant
- Food Technologist

ASSOCIATE DEGREE IN PHARMACY

ADMISSION REQUIREMENT

5 CSEC passes including English A, Mathematics, Biology and Chemistry

MAJORS:

NONE

DESCRIPTION:

This programme prepares learners for the contemporary role of the pharmacist, ensuring that patients and consumers obtain the most effective and appropriate medication usage and operates effectively as a member of a healthcare team. The programme of study comprise of Biological, Chemical, Biomedical, Pharmaceutical, Social, Behavioral, and Administrative Sciences. The didactic delivery of the programme includes lectures, laboratories, and clerkships for pharmacy practice, outreach, research projects and seminars. Emphasis is placed on Problem Solving Learning. Graduates of this programme may gain seamless entry into regional institutions to attain higher degrees. On completion of the programme, and possible internship* graduates will be eligible for registration and licensing as a pharmacist in Grenada and other Eastern Caribbean Countries in areas of community and hospital pharmacy and in the pharmaceutical industry in distribution and marketing.

CORE COURSES

- Fundamentals of Chemistry
- Cell & Molecular Biology
- Introduction to Pharmacy
- Microbiology
- Kinetics & Equilibria
- Chemistry of Elements
- Genetics, Variation & Natural Selection
- Pharmaceutical Calculations
- Anatomy & Physiology
- Dispensing Training
- The Chemistry of Carbon Compounds
- Bioenergetics
- Anatomy & Physiology II (Human)
- Pharmacology I
- Biostatistics & Research Methods
- Introduction Statistics
- Community Health
- Medicinal & Pharmaceutical Chemistry I
- Analytical Methods & Separation
- Pathology

CORE COURSES CONT'D

- Pharmacology II
- Pharmaceutics I
- Pharmacognosy
- Small Business Management
- Entrepreneurship
- Compounding
- Pharmaceutics II
- Medicinal & Pharmaceutical Chemistry II
- Chemotherapy of Infectious Diseases & Neoplasms
- Project
- Professional Practice OTC
- Forensic Pharmacy
- Natural Medicine
- Clinical Pharmacy & Therapeutics II
- Toxicology
- Advance Professional Practice _Clinicals
- 6 weeks summer attachment

POSSIBLE CAREER:

- Pharmacist Technician

ASSOCIATE DEGREE IN PHYSICAL EDUCATION

ADMISSION REQUIREMENT

5 CSEC/GCE subjects, including English A, Mathematics, one science subject and Physical Education.

MAJORS:

NONE

DESCRIPTION:

This programme is for the student who desires a career in the exciting field of physical activity. The programme is designed to provide students with theoretical and practical knowledge in the areas of fitness, health and lifetime sports skills. Possible careers include physical education teacher, personal trainer, coach and fitness centre owner, to name a few..

CORE COURSES

- Anatomy & Physiology I
- Principles of Coaching
- Nutrition
- Introduction to Table Tennis
- Or Introduction to Volleyball
- Or Introduction to Soccer
- Anatomy & Physiology II
- First Aid & Safety
- Organization & Administration of Sports
- Introduction to Lawn Tennis
- Or Introduction to Basketball
- Or Aerobics

CORE COURSES CONT'D

- Fundamentals of Health & Physical Education
- Sports Injuries, Prevention & Therapy
- Introduction to Cricket
- Or Introduction to Track & Field
- Fitness and Testing
- Adapted Physical Education
- Introduction to Netball
- Or Introduction to Swimming
- Practicum

POSSIBLE CAREER:

- Personal Trainer
- Coach & Fitness Trainer
- Physical Ed. Teacher
- Centre Owner

ASSOCIATE DEGREE IN PSYCHOLOGY

ADMISSION REQUIREMENT

5 CSEC subject including English A, and one science subject.

MAJORS:

NONE

DESCRIPTION:

This programme prepares students for a wide range of career opportunities in the field of behavioural sciences and related fields. Equally important is the fact that the Associate degree provides full credit transfer to other institutions for the purpose of satisfying the requirements for Bachelor's Degree. The Associate Degree programme in Psychology is designed to cover two years of full-time or three years of part-time study. It consists of credits awarded in the pursuit of courses specific to the discipline as well as college credits based on general education courses and electives.

CORE COURSES

- Health Psychology
- History of Psychology
- Sensation & Perception
- Personality
- Lifespan I
- Introduction to Special Education
- Introduction to Educational Psychology
- Introduction to Industrial Organization Behavior

CORE COURSES CONT'D

- Social Psychology
- Introduction to Abnormal Psychology
- Cross-Cultural Psychology
- Lifespan II
- Counseling
- Motivation & Emotion
- Psychology of the Aged
- Introduction to Psychological Research

POSSIBLE CAREER:

- Social Services Field
- Probation Officer
- Researcher

ASSOCIATE DEGREE IN SOCIAL SCIENCES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and prerequisite for major: Psychology requires a science subject; Law requires History and/or English B; Sociology requires Social Studies; Geography requires Geography.

MAJORS:

Geography, Law, Psychology, Sociology

DESCRIPTION:

This programme focuses on the study of the society we live in; individuals, families, communities, governments, and cultures from various perspectives. This degree may be applied to a variety of occupations in the public and private sectors, including careers in administration, elder care, business management, government, health services, law enforcement, human resources, community service, and education.

CORE COURSES

GEOGRAPHY

- Population & Settlement
- Hydrological, Fluvial, Coastal & Limestone Environments
- Natural Events & Hazards
- Climate, Vegetation & Soils
- Economic Activity
- Development & Disparity in the Caribbean Region

LAW

- Caribbean Legal Systems
- Principles of Public Law
- Criminal Law
- Tort
- Law of Contract
- Real Property

PSYCHOLOGY

- Six (6) courses under the Associate Degree in Psychology Programme

SOCIOLOGY

- Sociology, Culture & Identity
- Social Institutions: Family Relation & Education
- Social Stratification & Social Mobility
- Population Studies
- Social Order, Social Control & Deviance
- Social Development & Poverty

POSSIBLE CAREER:

- Social Services Field
- Probation Officer
- Social Worker
- Teacher in the Social Area

ASSOCIATE DEGREE IN SOCIAL WORK

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and Social Studies or History and/or Integrated Science. Applicants will be required to attend an interview subject

MAJORS:

None

DESCRIPTION:

This programme is designed for students to learn about human development, problems in human functioning, programs for helping people with their problems, advocacy and influencing public policy, and crisis intervention.

CORE COURSES

- Introduction to Psychology
- Human Behaviour in the Social Environment
- Social Problems
- Introduction to Social Work
- Theory & Practice
- Field Instruction I
- Family & Child Welfare
- Law & Social Work
- Counseling Skills
- Social Work and Family Life
- Theory & Practice
- Field Instruction II
- Social Work Research

RELATED COURSES

- Human Sexuality
- Social Work with Adolescents
- Social Work with Elderly

POSSIBLE CAREER:

- Social Services Field
- Probation Officer
- Social Worker
- Teacher in the Social Area

ASSOCIATE DEGREE IN TEACHER EDUCATION, EARLY CHILDHOOD EDUCATION

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A, Mathematics, a Social Science and a Science and one additional subject.

MAJORS:

None

DESCRIPTION:

The curriculum introduces the many facets of teaching from the foundation of designing instruction, classroom management and assessment to specialized topics such as, teaching diverse populations, and integrating the Arts into instruction.

CORE COURSES

- English for Communications I
- Child Development: Birth through 8 years old
- Philosophical Foundations of E.C
- Social Context of Education
- Seminar Series in Technology in Education
- Language Acquisition & Literacy Development
- English for Communication II
- Teaching Math to Young Children
- Early Childhood Science & Health
- Early Childhood Language Arts & Reading & Decorating
- Children's Literature in the Early Childhood Classroom
- Social Studies Method in the Early Childhood Classroom
- Reading & Writing Across the Curriculum
- Early Education Care of Infants and Toddlers

CORE COURSES CONT'

- Techniques in Classroom Investigation
- Classroom Processes & Instruction in the early Childhood Classroom
- Methods of Educational Assessment in the Early Childhood Classroom
- Inclusion of Children with Special Needs in the Early Childhood Classroom
- Creative Arts for the Young Child
- Seminars for Reflection on Classroom Practice
- Extended Classroom Practicum

POSSIBLE CAREER:

- Qualified Teacher Early Childhood Teacher

ASSOCIATE DEGREE IN TEACHER EDUCATION, PRIMARY EDUCATION

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A, Mathematics, a Social Science and a Science and one additional subject.

MAJORS:

None

DESCRIPTION:

The curriculum introduces the many facets of teaching from the foundation of designing instruction, classroom management and assessment to specialized topics such as, teaching diverse populations, and integrating the Arts into instruction.

CORE COURSES

- English for Communication I
- Curriculum Issues in Language Arts Education
- Foundations in Child Development & Principles of Learning
- Social Context of Education
- Seminar Series in Technology in Education
- English for Communication II
- Managing Instruction & Classroom Dynamics at the Primary Level
- Primary Science & Technology Teaching I
- Developing Number Concepts & Operations
- Planning, Teaching & Assessing Social Studies in the Primary Grades
- Promoting Reading in the Primary Grades
- Reading & Writing Across the Curriculum

CORE COURSES CONT'D

- Techniques in Classroom Investigation
- Introductory Science II
- Promoting Understanding of Key Concepts in Primary Mathematics
- Methods of Inquiry & Fieldwork in Social Studies
- Promoting Writing in the Primary Grades
- Seminars for Reflection on Classroom Practice
- Extended Classroom Practicum (10 weeks)

POSSIBLE CAREER:

- Qualified Teacher Primary Teacher

ASSOCIATE DEGREE IN TEACHER EDUCATION, SECONDARY

ADMISSION REQUIREMENT

5 CSEC passes including English A, specific requirements for specialization in various subject areas – A Level or CAPE – 2 Units or an Associate Degree in specialist subject and at least CSEC or equivalent in the Minor; Social Studies is not done at A Level and as such the following passes will be accepted as it requirements: A level Geography or History, OR CAPE – 2 unites in either Geography or History or Sociology. Each Applicant will be interviewed.

MAJORS:

Based on Teacher Area at Secondary School

DESCRIPTION:

The curriculum introduces the many facets of teaching from the foundation of designing instruction, classroom management and assessment to specialized topics such as, teaching diverse populations, and integrating the Arts into instruction.

CORE COURSES

- English for Communication I
- Adolescent Development & Learning
- Intro. to the Social & Cultural Foundations of Education
- Seminar Series in Technology in Educ.
- Teaching Language in the Caribbean Context
- Issues in Teaching & Learning Maths
- Planning & Teaching Geography in Sec. Sch.
- The Nature and Purpose of History
- An Introduction to Issues, Approaches & Methods in the Teaching/Learning of Foreign Languages
- Introduction to Social Studies Education
- Secondary Science & Technology Teaching 1
- English for Communication II
- Principles of Assessment for Secondary Teachers

CORE COURSES CONT'D

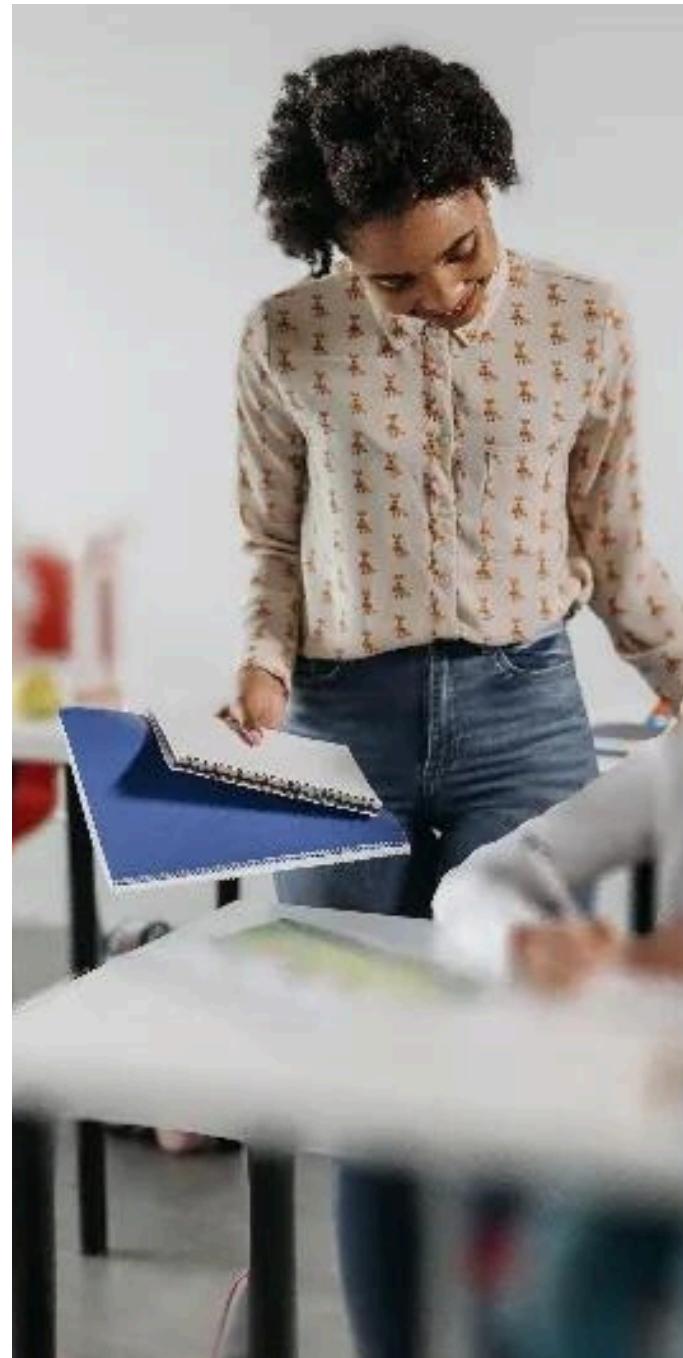

- Managing Instruction & Classroom Dynamics at the Secondary Level
- Content Area Reading & Writing for Secondary Teachers
- Teaching Adolescent Literature
- Developing Number & Algebra Concepts in the Lower Secondary Classroom
- Catering to Struggling Students in Mathematics Classrooms
- Managing Field Studies in Geography
- Regional Environments: Issues & Challenges for the Caribbean
- Perspectives on Themes in West Indian Post-Emancipation History
- Using Instructional Media, Interactive & Multi-Modal Techniques in History
- Foreign Language Methods & the Principles of Second Language
- Acquisition
- Applied Methodologies: Strategies in the Teaching of Foreign Languages

ASSOCIATE DEGREE IN TEACHER EDUCATION, SECONDARY CONT'D

CORE COURSES CONT'D

- Instruction & Assessment in Secondary School Social Studies
- Social Studies for Our Contemporary Social Environment
- Basic Physical Sciences 1 & 2
- Reading & Writing Across the Curriculum
- Techniques in Classroom Investigation
- Integrating Literature in the Language Classroom
- Assessment in English
- Developing Geometry & Trigonometry Concepts in Secondary Classrooms
- Advanced Concepts in Mathematics
- Geography for Sustainability
- Skill Development in Geography Education
- Teaching History: Pedagogy & Practice
- The Teaching of History for CXC General Proficiency
- The Teaching of Foreign Languages for the CSEC Examinations
- The Teaching of Foreign Languages for the CAPE Exams in French and Spanish
- Methods of Inquiry & Fieldwork in Secondary Social Studies
- Understanding Caribbean Societies
- Secondary Science & Technology Teaching II
- Basic Life Sciences
- Seminars for Reflection on Classroom Practice
- Extended Classroom Practicum

POSSIBLE CAREER:

- Qualified Secondary Teacher in Specialized Subject Area

GENERAL EDUCATION COURSES OFFERED FOR SASPS STUDENTS

COMMUNICATION SKILLS

- Gathering, Organising and Processing Information
- Language & Community
- Speaking and Writing

PHILOSOPHY/RELIGION

- Introduction to Philosophy
- Critical Thinking
- Religious Thoughts & Practice

ARTS & MODERN LANGUAGE

- Music Appreciation
- Basic French
- Basic Spanish
- Basic Chinese
- Basic German
- Caribbean Festivals and Customs
- Creative Writing
- History of Grenada
- Introduction to Caribbean Cultural Studies
- Introduction to Literary Analysis
- Public Speaking

CARIBBEAN STUDIES

- Caribbean Society & Culture
- Challenges of Development
- Independent Study

SOCIAL SCIENCE AND BUSINESS STUDIES

- Introduction to Political Science
- Introduction to Psychology
- Entrepreneurship
- Introduction to Sociology
- Fundamentals of Health & Physical Education

MATH/SCIENCE

- Introduction to Biology
- College Mathematics
- Introduction to Statistics
- Nutrition
- Environmental Science
- Introduction to Computers

GENERAL COURSE

- Introduction to College Life
- Community Service

NOTE: Some General Education Courses are compulsory for required programme.

This General Education Outline does not apply to the Teacher Education Programmes

SCHOOL OF APPLIED ARTS AND TECHNOLOGY

SCHOOL OF APPLIED ARTS AND TECHNOLOGY (SAAT)

BRIEF DESCRIPTION

The School of Applied Arts and Technology (SAAT) serves as the 'applied arm' of the College, offering Associate Degree and Certificate TVET programmes. These programmes are designed for individuals seeking to develop specific competencies, enhance their skills, or prepare for further studies at universities or other higher education institutions.

SAAT offers twelve (12) Associate Degree programmes and one (1) TVET Certificate programme.

The School is organized into five (5) key departments: Building Construction Technology; Computer and Electronics Technology, General Education, Mechanical Technology and Tourism and Hospitality Studies.

GENERAL INFORMATION FOR SAAT STUDENTS

General Admission:

- Associate Degree: students must have a minimum of five (5) CSEC subjects including English A, and specific subjects for the selected programme
- Level II, Certificate: students must have a minimum of four (4) CSEC subjects including English

Study Option:

- Full Time (only)

Duration:

2 years

Tuition:

- Tuition-free ONLY for Grenadian citizens and OECS nationals under the Government of Grenada Free Tuition Programme. *Terms and conditions apply.*
- \$400.00 per course, per semester for CARICOM nationals and Cuban nationals. *Other fees may be applicable*
- EC \$1028.00 per course, per semester for international students. *Other fees may be applicable.*

Departments and Programmes

Department of Building Construction Technology

- Associate of Applied Science in Building Technology
- Associate of Applied Science in Building Trades and Services
- Associate of Applied Science in Electrical Technology
-

Department of Computer and Electronics Technology

- Associate of Applied Science in Computer Systems Technology
- Associate of Applied Science in Electronics Technology
- Associate of Applied Science in Information Technology

Department of Computer and Electronics Technology

- Level II, Automotive Service Technology
- Associate of Applied Science in Heating, Ventilation, Air Conditioning and Refrigeration Technology
- Associate of Applied Science in Mechanical Technology

Department of Tourism and Hospitality Studies

- Associate of Applied Science in Culinary Arts
- Associate of Applied Science in Food and Beverage Management
- Associate of Applied Science in Hospitality Studies
- Associate of Applied Science in Tourism Studies

ASSOCIATE OF APPLIED SCIENCE IN BUILDING TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A, Mathematics or Physics, and Technical Drawing or Industrial Technology: Building and Furniture

DESCRIPTION:

This programme exposes students to different areas related to modern construction technology and design. Students will be exposed to global design standards, and will use this experience to design small residential, commercial and industrial projects.

CORE COURSES

- Occupational Health and Safety
- Building Technology I
- Building Technology II
- Architectural Engineering Drawing I
- Architectural Engineering Drawing II
- Computer Aided Design I
- Computer Aided Design II
- Statics
- Architectural Design and Drafting I
- Civil Design and Drafting I
- BCT Design and Drafting project

RELATED COURSES

One of the following:

- Applied Mathematics
- College Mathematics I
- Introductory College Physics

Any two of the following:

- Building Environmental Science
- Introduction to Land Development
- Strengths of Materials
- Construction Surveying

POSSIBLE CAREER:

- Draftsman
- Designer
- Site Manager
- Assistant to Professional Designers
- Teacher in the related field of study

Cont'd

- Construction Estimating
- Construction Scheduling
- Timber Technology I
- Masonry Technology I
- Plumbing Technology I
- Electrical Technology I
- Related HVAC
- Welding for Builders

GENERAL EDUCATION COURSES

- English & Communication I
- English & Communication II
- Fundamentals of Mathematics
- Introduction to Computers
- Caribbean Studies and Culture
- Critical Reasoning
- Community Service
- Introduction to College Life

One of the following:

- Social Skills
- Entrepreneurial Skills

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

ASSOCIATE OF APPLIED SCIENCE IN BUILDING TRADES AND SERVICES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and at least one of the following: Mathematics, Physics, Industrial Technology or Technical Drawing.

DESCRIPTION:

This programme prepares students for entry level positions in construction trades and building services, primarily masonry and carpentry with exposure to plumbing, electrical, HVAC and finishes; as well as further studies in Construction Technology. Additionally, emphasis is placed on the business of construction and the variety of career options within the industry that students can further venture into, if so desire.

CORE COURSES

- Occupational Health & Safety
- Architectural Engineering Drawing I
- Architectural Engineering Drawing II
- Building Technology I
- Building Technology II
- Timber Technology
- Carpentry and Joinery I
- Masonry Technology I
- Masonry Technology II

The following TWO courses:

- Construction Estimating
- Construction Scheduling

OR

- Carpentry and Joinery II
- Masonry Technology

RELATED COURSES

One of the following:

- Introductory College Physics
- Applied Mathematics

Any two of the following:

- Electrical Technology I
- Plumbing Technology I
- Related HVACR
- Finishes
- Welding for Builders

GENERAL EDUCATION COURSES

- English & Communication I
- English & Communication II
- Fundamentals of Mathematics
- Introduction to Computers
- Caribbean Society and Culture
- Critical Reasoning
- Community Service
- Introduction to College Life

One of the following:

- Social Skills
- Entrepreneurial Skills

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

POSSIBLE CAREER:

- Joiner
- Plumber
- Mason
- Carpenter
- Entrepreneur

ASSOCIATE OF APPLIED SCIENCE IN ELECTRICAL TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and one of the following: Mathematics, Physics or a related technical subject.

DESCRIPTION:

This programme prepares students for entry level positions as electrical technicians, instrument engineers, electrical wiremen and linesmen, and electrical inspectors. The core courses provide students with a foundation in domestic and industrial distribution, transformer systems, circuit analysis, control systems and planning and arranging electrical installation.

CORE COURSES

- Occupational Health and Safety
- Basic Electronics
- Circuit Analysis I
- Electrical Installation I
- Electrical Installation II
- Measurement & Instrumentation
- Electrical Machines I
- Electrical Machines II
- Control Systems
- Power Distribution System
- Data Communication and Networking
- Renewable Energy
- Project Design & Management

RELATED COURSES

One of the following:

- Introductory College Physics
- Applied Mathematics

One of the following:

- Electrical Prints and CAD
- Related Construction
- Related HVAC

GENERAL EDUCATION COURSES

- English & Communication I
- English & Communication II
- Fundamentals of Mathematics
- Introduction to Computers
- Caribbean Society & Culture
- Critical Reasoning
- Community Service
- Introduction to College Life

One of the following:

- Social Skills
- Entrepreneurial Skills

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

POSSIBLE CAREER:

- Electrical Technician
- Instrument Engineer
- Electrical Wireman and Linesman
- Electrical Inspector
- Entrepreneur

ASSOCIATE OF APPLIED SCIENCE IN COMPUTER SYSTEMS TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and Mathematics. Information Technology, Physics and Electronics are assets.

DESCRIPTION:

This programme is designed to prepare candidates with the knowledge and hands-on practical skills to analyze, design, build, repair and maintain computer systems and other electronic devices. This programme entails a unique blend courses for the field of computer science, information technology and electronic technology. Candidates will also develop skills in areas that allow them to develop, program and install both hardware and software.

CORE COURSES

- Occupational Health & Safety
- Fundamentals of Computer Hardware
- Introduction to Programming
- Introduction to Relational Database
- Web Design
- Networking I
- Networking II
- Introduction to Computer Repairs
- Basic Electronics
- Electronic Communication Systems
- Consumer Electronics
- Capstone Project
- Internship

RELATED COURSES

- CAD for Electronics
- Data Security Concepts
- Digital Electronics
- Microcomputer Applications
- Control Systems

One of the following:

- Introductory College Physics
- College Mathematics I

GENERAL EDUCATION COURSES

- English & Communication I
- English & Communication II
- Fundamentals of Mathematics
- Critical Reasoning
- Caribbean Studies
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Web & Mobile App Developer
- Database Administrator
- Network Support Specialist
- Hardware Technician
- Computer Hardware Engineer and System Administrator

One of the following:

- Social Skills
- Entrepreneurial Skills

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

DEPARTMENT OF COMPUTER AND ELECTRONICS TECHNOLOGY

ASSOCIATE OF APPLIED SCIENCE IN ELECTRONICS TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and Mathematics. Electronics, Physics and any other Science subject are assets.

DESCRIPTION:

This programme is designed to prepare candidates with the knowledge and hands-on practical skills to install, maintain, and repair electrical and electronic equipment. Major emphasis is placed on applied sciences, mathematics and programming to develop candidate's ability to solve problems. This programme entails a unique blend of courses for the field of computer science, information technology and electronic engineering. Candidates will also develop skills in areas that allow them to develop, program and install both hardware and software.

CORE COURSES

- Occupational Health & Safety
- Basic Electronics
- Analog Electronics
- Digital Electronics
- Control Systems
- Electronic Surveillance Systems
- Consumer Electronics
- Energy Systems
- Fundamentals of Motors & Generators
- Industrial Electronics
- CAD for Electronics
- Capstone Project
- Internship

POSSIBLE CAREER:

- Automotive Manauf Aerospace
- Telecommunication Technician
- Computer Engineering Robotics and Design Industry
- Entrepreneur

RELATED COURSES

- Introduction to Programming
- Embedded Systems

One of the following:

- Introductory College Physics
- College Mathematics I

GENERAL EDUCATION COURSES

- English & Communication I
- English & Communication II
- Fundamentals of Mathematics
- Introduction to Computers
- Critical Reasoning
- Caribbean Studies
- Community Service
- Introduction to College Life

One of the following:

- Social Skills
- Entrepreneurial Skills

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

DEPARTMENT OF COMPUTER AND ELECTRONICS TECHNOLOGY

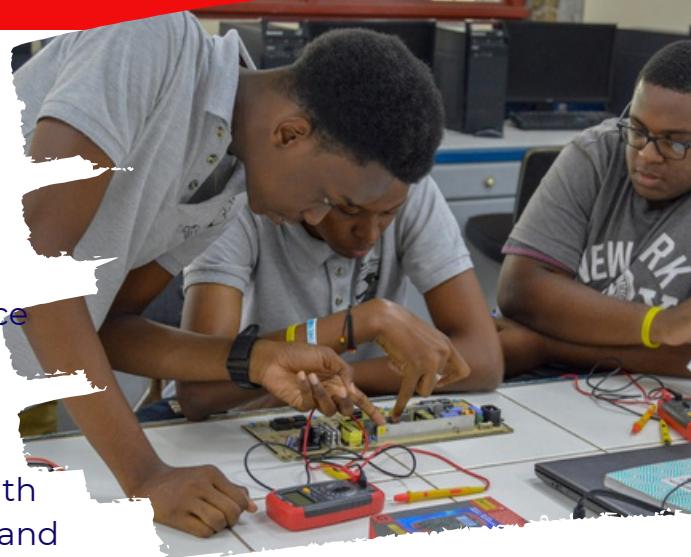

ASSOCIATE OF APPLIED SCIENCE IN INFORMATION TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and Mathematics. Electronic, Physics and any other Science subject are assets.

DESCRIPTION:

This programme is designed to prepare candidates with the knowledge and technical skills to analyze, design and manage computer systems. Programming is a major emphasis in this degree; therefore, candidates will become competent in a variety of programming languages like C, C++, html and Java.

CORE COURSES

- Fundamental Concepts in Computing
- Fundamentals of Computer Hardware
- Introduction to Programming
- Introduction to Relational Databases
- Data Structures & Algorithms
- Networking I
- Advance Programming
- Data Security Concepts
- Networking II
- Database Systems
- Introduction to Computer Repairs
- Capstone Project
- Internship

RELATED COURSES

- Mathematics for Information Technology
- Microcomputer Applications
- Web Design
- Introduction to Computer Graphics
- Human and Computer Interaction
- College Mathematics 1

GENERAL EDUCATION COURSES

- English & Communication I
- English & Communication II
- Fundamentals of Mathematics
- Caribbean Studies
- Community Service
- Introduction to College Life

One of the following:

Social Skills
Entrepreneurial Skills

POSSIBLE CAREER:

- Web developer
- Database administrator,
- Networker,
- Computer programmer and system administrator,
- Self-employed IT technical support.

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

LEVEL II, CERTIFICATE IN AUTOMOTIVE SERVICE TECHNOLOGY

ADMISSION REQUIREMENT

4 CSEC/GCE subjects including English A. Mathematics is an asset.

DESCRIPTION:

This programme will provide students with basic skills and knowledge which are required in the automotive field. It entails training in electrical systems, engine performance, transmissions, brakes, steering, suspension systems and air conditioning. Students will receive hands-on practice on up-to-date repair and diagnostic equipment that are currently used in the automotive trade. The training is done in accordance with the Society of Automotive Engineering (SAE) and ISO.

CORE COURSES

- Occupational Safety & Health Practices
- Introduction to Automotive Mechanics
- Engine Fundamentals
- Electrical and Electronic systems
- Engine Performance and Computer
- Clutches, Transmission & Transaxles
- Drive lines, Axles and Differentials
- Braking, Steering and Suspension systems
- Glass and Interior Installation
- Automotive Air Conditioning and Heating Systems
- Student Project
- Internship

GENERAL EDUCATION COURSES

- English & Communications I
- Basic Mathematics Skills
- Social Skills
- Entrepreneurial Skills
- Introduction to Computers
- Community Service
- Introduction to College Life

RELATED COURSES

- Bench Fitting Technology
- Introduction to Welding
- Mechanical Drawing

POSSIBLE CAREER:

- Auto part sales agent
- Entrepreneur
- Welder
- Mechanic

ASSOCIATE OF APPLIED SCIENCE IN HEATING, VENTILATION, AIR CONDITIONING AND REFRIGERATION TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and one of the following: Mathematics, Physics or a related technical subject.

DESCRIPTION:

This programme is designed to provide students with the knowledge and skills required for a career in Heating, Ventilating, Air Conditioning and Refrigeration (HVACR) industry. It emphasizes the science, technology and craft of the trade. Students have the opportunity to develop and demonstrate skills in welding, sheet metal, electrical, plumbing, heating, refrigeration and air conditioning. It also entails the design stages of HVACR systems..

CORE COURSES

- Occupational Health & Safety
- HVACR Fundamentals
- Related Electricity
- Principles & Applications of AC Systems
- Principles & Applications of Heating Sys.
- Control Systems
- Residential & Commercial AC Systems
- Refrigeration Systems
- Welding, Brazing & Soldering
- Advanced Troubleshooting
- Project Design & Management

RELATED COURSES

- CAD for HVACR
- Duct Fabrication and Design

One of the following:

- Introductory College Physics
- Applied Mathematics

GENERAL EDUCATION COURSES

- English & Communication I
- English & Communication II
- Fundamentals of Mathematics
- Introduction to Computers
- Caribbean Society & Culture
- Critical Reasoning
- Community Service
- Introduction to College Life

One of the following:

- Social Skills
- Entrepreneurial Skills

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

POSSIBLE CAREER:

- Refrigeration/AC Technician
- Entrepreneur

ASSOCIATE OF APPLIED SCIENCE IN MECHANICAL TECHNOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A, Mathematics or Physics, and a related technical subject.

DESCRIPTION:

This programme provides students with practical engineering principles, designs of prototypes using CAD software, qualities of commonly used materials and lab exercises.

CORE COURSES

- Occupational Health and Safety
- Bench Fitting
- Mechanical Drawing
- Computer Aided Design
- Project Management Design
- Internship

MACHINE SHOP

- Centre Lathe Technology

One of the following:

- Milling Machine Technology
- Grinding and Shaping Machine Technology

WELDING

- Gas Welding

One of the following:

- Arc and Mig Welding
- Tig Welding

POSSIBLE CAREER:

- Mechanical Engineer,
- Fitter Machinist,
- Professional Welder,
- Automotive AC Technician,
- Pneumatics Engineer

RELATED COURSES

- Basic Electronics
- Basic Electrical

One of the following:

- Related Automotive
- Applied Fluid Mechanics
- Installation, Repairs & Maintenance of Industrial Equipment

One of the following:

- Introduction to College Physics
- College Mathematics I
- Applied Mathematics

GENERAL EDUCATION COURSES

- English & Communications I
- English & Communication II
- Fundamentals of Mathematics
- Introduction to Computers
- Caribbean Society & Culture
- Critical Reasoning
- Community Service
- Introduction to College Life

One of the following:

- Social Skills
- Entrepreneurial Skills

One of the following:

- Basic Spanish
- Basic French
- Basic Chinese

ASSOCIATE OF APPLIED SCIENCE IN CULINARY ARTS

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A. Mathematics is an asset.

DESCRIPTION:

This programme prepares graduates trained in Culinary Arts to satisfy the basic needs of the country and possibly the region. This program prepares students to provide professional chef and related cooking services in restaurants and other commercial food establishments. It includes instruction in recipe and menu planning, preparation and cooking of foods, supervising and training kitchen assistants, the management of food supplies and kitchen resources, aesthetics of food presentation, and familiarity or mastery of a wide variety of cuisines and culinary techniques.

CORE COURSES

- Food Preparation I
- Food Preparation II
- Food Preparation III
- Baking Technology I
- Baking Technology II
- Quality Food Production & Service
- International Cuisine
- Food Art Presentation
- Food & Beverage Service I
- Entrepreneurship
- Sanitation, Safety & Hygiene
- Food and Beverage Cost Controls
- Food Science & Nutrition
- Wines & Spirits
- Internship

POSSIBLE CAREER:

- Restaurant Chef
- Personal Chef
- Caterer
- Baking and Pastry Chef
- Restaurant Manager

RELATED COURSES

- Introduction to Tourism & Hospitality
- Quality Customer Care
- Entrepreneurship

GENERAL EDUCATION COURSES

- English & Communications I
- English & Communication II
- Basic Mathematics Skills
- Fundamentals of Mathematics
- Introduction to Computers
- Social Skills
- Caribbean Society and Culture
- Critical Reasoning
- Basic Spanish OR Basic French
- Community Service
- Introduction to College Life

ASSOCIATE OF APPLIED SCIENCE IN FOOD AND BEVERAGE MANAGEMENT

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A.

DESCRIPTION:

This programme prepares graduates trained in Food and Beverage to satisfy the basic needs of the country and possibly the region. Food & Beverage (F&B) Management is a segment of the hospitality industry that focuses on operations in restaurants, hotels, resorts, catering companies, hospitals, hotels, and more. It focuses more on the business side of the food service industry, which includes areas like ordering and inventory, managing budgets, and planning and costing menus. Also included is the Human Resources functions, like hiring, training, managing both front of house and back of house staff and a better understanding of restaurant finances, so they can reduce costs and maximize profits. F&B Operations therefore bridges the gap between your cooking skills and your business skills. Graduates qualify to assume entry-level positions in catering companies, in the hotel/restaurant industry or to pursue a Bachelor's Degree in the field.

CORE COURSES

- Food Preparation I
- Food Preparation II
- Baking Technology I
- Bar Operations
- Food and Beverage Service I
- Food and Beverage Management
- Quantity Food Production & Service
- Sanitation, Safety & Hygiene
- Food Science & Nutrition
- Purchasing and Materials Management
- Food and Beverage Cost Controls
- Event and Conference Management
- Internship

POSSIBLE CAREER:

- Caterer
- Bartender
- Event Planner
- Entrepreneur

RELATED COURSES

- Introduction to Tourism & Hospitality
- Quality Customer Care
- Entrepreneurship
- Marketing I
- Accounting I

GENERAL EDUCATION COURSES

- English & Communications I
- English & Communication II
- Basic Mathematic Skills
- Fundamentals of Mathematics
- Social Skills
- Introduction to Computers
- Caribbean Society and Culture
- Critical Reasoning
- Basic French OR Basic Spanish
- Community Service
- Introduction to College Life

ASSOCIATE OF APPLIED SCIENCE IN TOURISM AND HOSPITALITY STUDIES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A.

DESCRIPTION:

This is a two-year full-time programme provides a solid academic educational base and practical training for a variety of career opportunities through positions in tourism, food service industries, business, government service, private practice, entrepreneurship, educational and community programs as well as preparing students for higher education. Its purpose is to enhance the knowledge, skills and appropriate attitudes to satisfy the demands of this dynamic and growing industry through the promotion of learning in tourism and hospitality studies. It addresses the growing need for a common, competency-based curriculum and provides the employers with potential employees who possess a sound theoretical and practical base

CORE COURSES

- Food Preparation I
- Food and Beverage Service 1
- Bar Operations
- Accommodations 1
- Sustainable Tourism
- Tourism/Hospitality Marketing
- Tourism Planning & Policy
- Tourism Product Development
- Global Tourism Impacts
- Resort Planning & Development
- Events and Conference Management
- Sanitation, Hygiene and Safety
- Hospitality Accounting
- Internship

RELATED COURSES

- Introduction to Tourism & Hospitality
- Quality Customer Care
- Entrepreneurship
- Marketing I
- Accounting I
- Hospitality Law

GENERAL EDUCATION COURSES

- English & Communications I
- English & Communication II
- Basic Mathematics Skills
- Fundamentals of Mathematics
- Social Skills
- Introduction to Computers
- Caribbean Studies
- Critical Reasoning
- Basic French
- Basic Spanish
- Basic Chinese
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Front Desk Manager
- Hotellier
- Manager at a Hotel
- Events Planner
- Tour Guide

SCHOOL OF CONTINUING EDUCATION

SCHOOL OF CONTINUING EDUCATION (SCE)

BRIEF DESCRIPTION

The School of Continuing Education is the official outreach arm of the College. Its primary focus is on empowering men and women outside of the formal education and training system, helping to transform their livelihood and enhance intellectual development. The School also emphasizes building strong linkages with the business and private sectors to provide essential skills training that supports personal growth and national development. Additionally, it collaborates with reputable institutions to secure accreditation for its Certificate and Associate Degree programmes, ensuring quality and recognition.

SCE offers twelve (12) Associate Degree Programmes, eleven (11) Technical Diploma Programmes, and a wide range of short-term certificate and foundation courses. The School comprises of three (3) main departments: Access and Professional Studies, Infomatics, and Technical, Vocational Education and Training.

GENERAL INFORMATION FOR SCE STUDENTS

General Admission:

- Associate Degree: a minimum of five (5) CSEC subjects including English A or qualification in certain specific subjects or work experience in the case of client specified programme.
- Technical Diploma a minimum of two (2) CSEC subjects OR Literacy and numeracy capabilities and a minimum of one year working in a similar environment or a minimum of one-year training in a certified institution or prior learning.

Study Option:

- Full Time - Technical Diploma Programmes; and Associate Degree in Accounting Technician
- Part Time - Associate Degree programmes; including Associate Degree in Accounting Technician

Duration:

- Technical Diploma: 1 year
- Part-Time Associate Degree: 3 years
- Full Time Associate Degree: 2 Years
- Short-Term: Certificate Courses 3 - 6 months

Tuition

- Full-Time Programmes -Tuition-free ONLY for Grenadian citizens and OECS nationals under the Government of Grenada Free Tuition Programme. *Terms and conditions apply.*
- *Part time programmes, Short Term Certificate Programmes and Specialized programmes cost varies, see specific programme for more details.*

Departments and Programmes

Department of Access and Professional Studies (Tanteen Campus ONLY)

- Associate Degree in Accounting Technician (*Part-Time & Full-Time*)
- Associate Degree in Business Studies
- Associate Degree in Criminal Justice
- Associate Degree in Environmental Technology
- Associate Degree in Law Procedures
- Associate Degree in Office Administration
- Associate Degree in Psychology
- Associate Degree in Social Work
- CSEC Classes
- ACCA
- Adult Literacy and Numeracy
- CAT
- High School Equivalency
- SAT. etc
- Short Term Certificate Courses

Department of Informatics (Tanteen Campus ONLY)

- Technical Diploma in Computer Systems & Network Technician
- CompTIA A+ Certification
- CompTIA Network +
- Cisco Certified Networking Associates'

Department of Technical Vocational Educational & Training (Tanteen and St. Patrick's Campus)

- Technical Diploma in Cosmetology Services Technician (Tanteen Campus)
- Technical Diploma in Electrical Installation (*St. Patrick's Campus & Tanteen Campus*)
- Technical Diploma in Fashion Design (*St. Patrick's Campus & Tanteen Campus*)
- Technical Diploma in General Office Administration (*St. Patrick's Campus & Tanteen Campus*)
- Technical Diploma in Hospitality Services (St. Patrick's Campus)
- Technical Diploma in Motor Vehicle Engine System (St. Patrick's Campus)
- Technical Diploma in Plumbing (St. Patrick's Campus & Tanteen Campus)

DEPARTMENT OF ACCESS AND PROFESSIONAL STUDIES

ASSOCIATE DEGREE IN ACCOUNTING TECHNICIAN

ADMISSION REQUIREMENT

Persons who have studied principles of Business, Mathematics or Accounting up to Form 5 and have taken our diagnostic examination and earned 70% or above OR Mature Persons with 2 or more years of experience in the field of Accounting OR Persons with 5 CXC's or higher academic awards OR Students who have completed the Technical Diploma in Accounting Clerk OR Students who have completed the certificate of competence in Accounting Clerk or Level 2 CVQ in Accounting.

STUDY OPTION:

Full time /Part-time

COST:

EC\$1,200.00 (per year) full-time = EC \$30.00 registration fee each subsequent semester;
EC\$425.00 (per course, per semester) +30.00 registration fee each semester (Core course Part-Time)
EC\$275.00 (per course, per semester) +30.00 registration fee each semester (General Education Courses, Part-time))

DESCRIPTION:

The diploma in Accounting Technicians also known as the Certified Accounting Technician programme (CAT) or Foundations in Accounting (FIA), is a part of the 'Association of Chartered Certified Accountants' (ACCA), a global body of successful professionals in the finance and accounting field. This qualification will put our students on the fast track to success in an accounting career. This programme is designed to meet the strong and specific demand for qualified Accounting Technician professionals in all sectors, and to support the continuing development of those already in employment.

CORE COURSES

Recording Financial Transaction
Management Information
Business Mathematics
Entrepreneurship
Maintaining Financial Records
Managing Cost and Finance
Business Ethics
Computerized Accounting
Business Technology
Management Accounting
Financial Accounting
Business Communication
Foundations in Audit
Foundations in Taxation
Internship

GENERAL EDUCATION COURSES

- Gathering and Processing Information
- Introduction to Computers
- Basic Chinese
- Social Skills
- Speech and Writing
- Critical Thinking
- Caribbean Society and Culture
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Accounts Payable Clerk
- Billing Specialist
- Accounts Receivable Clerk
- Accounting Assistant

ASSOCIATE DEGREE IN BUSINESS STUDIES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A and the subjects to be pursued.

STUDY OPTION:

Part-time

COST:

EC\$275.00 per course, per semester + EC \$30.00 registration fee each semester.

DESCRIPTION:

This programme teaches students how to supervise others, decide the daily priorities of an office, how to delegate projects and coordinate teams to meet the goals of an organization.

CORE COURSES

ACCOUNTING

- Accounting Theory, Recording & Control Systems
- Preparation of Financial Statements
- Financial Reporting & Interpretation
- Costing Principles
- Costing Systems
- Planning & Decision Making
- Computerized Accounting

BUSINESS MANAGEMENT

- Business & Its Environment
- Management of People
- Business Finance & Accounting
- Production & Operation Management
- Fundamentals of Marketing
- Small Business Management
- Business Law
- Computerized Accounting

CORE COURSES Cont'd

ECONOMICS

- Methodology of Economic Demand and Supply Analysis
- Market Structure & Market Failure
- Distribution theory & Application of Recent Theoretical Development
- Models of the Macro-Economy
- Macro-Economics Policy
- Growth, Development & International Relations

GENERAL EDUCATION COURSES

- Gathering and Processing Information
- Speech and Writing
- Caribbean Society and Culture
- Critical Thinking
- Basic Spanish
- Business Mathematics
- Community Service
- Introduction to College

POSSIBLE CAREER:

- Financial Officer
- Business Entrepreneur
- Marketing Officer
- Manager

DEPARTMENT OF ACCESS AND PROFESSIONAL STUDIES

ASSOCIATE DEGREE IN CRIMINAL JUSTICE

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A. Qualification in certain specific subjects or work experience in the case of client specified programme.

STUDY OPTION:

Part-time

COST:

EC\$275.00 per course, per semester + EC \$30.00 registration fee each semester.

DESCRIPTION:

This programme provides a broad understanding of the essential components of the criminal justice system. It provides an academic foundation for students who have or plan careers in various law enforcement, judicial, or correctional agencies, as well as persons who plan to attend professional schools. The degree focuses on the institutions of criminal justice, particularly the police, the court and corrections.

CORE COURSES

- Introduction to Criminal Justice
- Introduction to Criminology
- The Sociology of Deviance & Crime
- Police Organization & Administration
- Criminal Investigation
- Organized Crime
- The Philosophy of Work
- Introduction to Legal Research & Writing
- Law of Evidence
- Criminal Law
- Comparative Criminal Justice Systems
- The Criminal Process & Code of Criminal Procedures

CORE COURSES Cont'd

- Legal Ethics
- The Law & Institutional Treatment
- Community Corrections
- Juvenile Justice Administration
- Correctional Psychology
- Penology

GENERAL EDUCATION COURSES

- Gathering and Processing Information
- Speech and Writing
- Critical Thinking
- Basic Spanish/French
- Introduction to Computers
- Caribbean Society and Culture
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Social Services Field
- Probation Officer
- Private Investigator
- Law Firm Agent

DEPARTMENT OF ACCESS AND PROFESSIONAL STUDIES

ASSOCIATE DEGREE IN LAW PROCEDURES

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A. Qualification in certain specific subjects or work experience in the case of client specified programme.

STUDY OPTION:

Part-time

COST:

EC\$275.00 per course, per semester + EC \$30.00 registration fee each semester.

DESCRIPTION:

This programme is designed to provide the student with the fundamental knowledge of legal terminology, substantive and procedural law, drafting of legal pleadings and responses, and legal research. Graduates of the program should be able to assist an attorney in private or corporate practice.

CORE COURSES

- Introduction to Law Procedures
- Family Law & Practice
- Law of Succession & Practice
- Business Law & Practice
- Real Estate Law & Practice
- Introduction to Legal Research & Writing
- Drafting Legal Documents
- Civil Procedures
- Criminal Law & Procedures
- Fundamentals of Labour Law
- Contract Law
- Corporations & Other Business Organizations
- Intellectual Property Law
- Principles of Management
- Business Communication
- Business Mathematics

GENERAL EDUCATION COURSES

- Gathering and Processing Information
- Speech and Writing
- Introduction to Philosophy
- Basic Spanish
- Introduction to Statistics
- Caribbean Society and Culture
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Paralegal
- Secretary in Law Office

DEPARTMENT OF ACCESS AND PROFESSIONAL STUDIES

ASSOCIATE DEGREE IN OFFICE ADMINISTRATION

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A. Qualification in certain specific subjects or work experience in the case of client specified programme.

STUDY OPTION:

Part-time

COST:

EC\$275.00 per course, per semester + EC \$30.00 registration fee each semester.

DESCRIPTION:

This programme prepares students for a career in office administration. Students develop office skills, learn administrative procedures and study computer applications using Microsoft Office and other software packages such as QuickBooks. Emphasis is placed on the development of strong technical, communication and human relations skills and also document production..

CORE COURSES

- Word Processing Techniques
- Word Processing Techniques II
- Word Processing Techniques III
- Word Processing Techniques IV
- Power Point and Internet Use
- Introduction to Database
- Typewriting I
- Typewriting II
- Typewriting III
- Typewriting IV
- Principles of Speedwriting
- Speed Building I
- Speed Building II
- Business Communication I
- Business Documents & Job Preparations
- Office Administration I
- Office Administration II
- Management of People
- Introduction to Principles of Accounts
- Computerized Accounting
- Business Ethics
- Spreadsheet Processing Techniques Essential

CORE COURSES CONT'D

- Spreadsheet Processing Techniques Intermediate
- Spreadsheet Processing Techniques Advanced
- Fundamentals of Arithmetic
- Business Mathematics
- Introduction to Statistics
- Internship

GENERAL EDUCATION COURSES

- Gathering and Processing Information
- Critical Thinking
- Basic Spanish
- Speech and Writing
- Creative Writing
- Social Skills
- Caribbean Society and Culture
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Office Administrator
- Office Managers
- Business Administrators
- Administrative Assistance

ASSOCIATE DEGREE IN PSYCHOLOGY

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A. Qualification in certain specific subjects or work experience in the case of client specified programme.

STUDY OPTION:

Part-time

COST:

EC\$275.00 per course, per semester + EC \$30.00 registration fee each semester.

DESCRIPTION:

This programme prepares students for a wide range of career opportunities in the field of behavioural sciences and related fields. Equally important is the fact that the Associate degree provides full credit transfer to other institutions for the purpose of satisfying the requirements for Bachelor's Degree. The Associate Degree programme in psychology is designed to cover two years of full-time or three years of part-time study. It consists of credits awarded in the pursuit of courses specific to the discipline as well as college credits based on general education courses and electives.

CORE COURSES

- Introduction to Psychology
- History of Psychology*
- Sensation and Perception
- Personality
- Lifespan I
- Family Relationship and Sexuality
- Introduction to Educational Psychology
- Introduction to Industrial Organizational Behaviour
- Social Psychology
- Introduction to Clinical Psychology
- Cross-Cultural Psychology
- Lifespan II
- Counseling
- Motivation and Emotion
- Psychology of the Aged
- Introduction to Psychological Research

GENERAL EDUCATION COURSES

- Gathering and Processing Information
- Introduction to Computers
- Critical Thinking
- Basic Spanish/Basic French
- Speech and Writing
- Caribbean Society and Culture
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Social Services Field
- Probation Officer
- Social Researcher

ASSOCIATE DEGREE IN SOCIAL WORK

ADMISSION REQUIREMENT

5 CSEC/GCE subjects including English A. Qualification in certain specific subjects or work experience in the case of client specified programme.

STUDY OPTION:

Part-time

COST:

EC\$275.00 per course, per semester + EC \$30.00 registration fee each semester.

DESCRIPTION:

Through course work, students learn about human development, problems in human functioning, programs for helping people with their problems, advocacy and influencing public policy, and crisis intervention.

CORE COURSES

- Introduction to Social Work
- Introduction Psychology
- Human Behaviour in Social Environment
- Theory & Practice I
- Family & Child Welfare
- Theory & Practice II
- Introduction to Social Work Research
- Research Project I
- Law & Social Work
- Counseling

CLASSES/COURSES OFFERED

ADULT LITERACY

- **Admission Requirements:** None
- **Duration:** 1 year
- **Description:** This Adult Literacy scheme allows persons with reading, writing and numeracy difficulties to gain access to literacy and numeracy education. It is designed for persons whose competence falls below Grade 6.

ACCA

- **Admission Requirements:** 2 'A' Levels. Students who are over 21 and do not have 2 'A' Level subjects, but have experience in accounting, can do ACCA via the mature student entry route.
- **Duration:** 3-4 months
- **Description:** Individual courses prepare students to write external exams through ACCA (the Association of Chartered Certified Accountants) for the purpose of eventual licensure as a recognized accountant.
- **Costing:** Level 1 \$450.00 each; Level 6 \$600.00 each

CAT

- **Admission Requirements:** Related experience and be 16 years and older
- **Duration:** 3-4 months
- **Description:** The CAT programme can be used as preparation for the ACCA programme. Those with accounting experience who would not be able to enter ACCA directly, and those wishing to become certified accounting technicians will find this programme useful

Costing: EC \$350.00 each

CSEC

Admission Requirements: None

Duration: 1 year

Description: This programme is intended to prepare persons to attempt and succeed at the CXC/CSEC regional exams.

Costing: EC \$200-300 per subject

ENGLISH AS A SECOND LANGUAGE

- **Admission Requirement:** Persons with competence from Form 4 and above
- **Duration:** 3-4 months
- **Description:** This programme is intended for non-native speakers of English – persons whose first language or mother tongue is not English but wish to improve their English communication skills for the purpose of work, study and other social interactions. It intends to help expatriates to function in the host country with confidence as they perform the necessities of daily life and to break down communication barriers

CLASSES/COURSES OFFERED CONT'D

HIGH SCHOOL EQUIVALENCY

- **Admission Requirement:** Persons with competence from Form 4 and above
- **Duration:** 1 year
- **Description:** This academic upgrading programme helps persons who have not completed high school but who have competencies above Grade 6. The High School Equivalency Programme is designed for persons who as a consequence of socioeconomic impediments or other debilitating causes did not have the opportunity to graduate from high school. This will provide them with certification indicating that they possess comparable knowledge with that of persons who would have covered the established National Secondary School Curricula in some specific courses.

SCHOLASTIC ASSESSMENT TEST (SAT)

- **Admission Requirements:** Persons with competence from Form 4 and above
- **Duration:** 3 months (February-April)
- **Description:** This programme is primarily intended for persons who wish to pursue undergraduate studies in the United States of America (USA). It prepares persons for their college- / university-level studies with an emphasis on developing writing, reading, reasoning and mathematics skills required at the college- / university- level.
- **Costing:** EC \$630.000 (inclusive of application and registration fees)

BASIC FRENCH

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This is an introductory course designed for students who have little or no knowledge of the Target Language (T. L.). It is geared to developing basic communicative skills in the T. L., through given situations of communication; and will provide general information on French civilization and culture.
- **Fee:** EC \$480.

BASIC SPANISH

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This is an introductory course designed for students who have little or no knowledge of the Target Language (T. L.). It is geared to developing basic communicative skills in the T. L., through given situations of communication; and will provide general information on French civilization and culture.
- **Fee:** EC \$480.

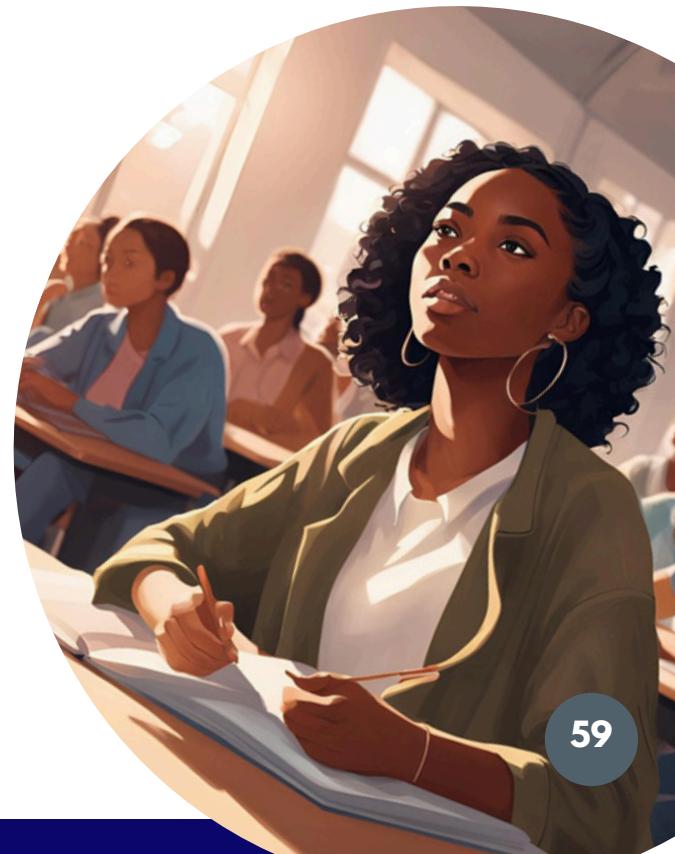

SHORT TERM CERTIFICATE COURSES

BUSINESS LAW

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course introduces students to the study of specific aspects of Business Law. It discusses sources of law, legal issues involved in the establishment of companies and corporations as well as the rights and responsibilities of consumers under existing legislation. It also discusses some of the ethical issues involved in business decision making
- **Fee:** EC \$480.

CLINICAL LABORATORY BASICS

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course will introduce the student to the general knowledge of the theory and principles which govern the specific roles of the Laboratory Technician. Basic aspects of medical terminology, laboratory constituencies, and fundamental biological characteristics related to laboratory testing are included.
- **Fee:** EC \$730.

SHORT TERM CERTIFICATE COURSES CONT'D

CLINICAL MICROBIOLOGY

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course is designed to provide persons with practical competences and attitudes which demand a degree of involvement/complexity which allows for some amount of responsibility and autonomy at the workplace. The modules cover major areas of competencies and are organised as a group of learning experiences assembled to achieve a specific group of related objectives.
- **Fee:** EC \$730.

FOUNDATIONS OF JOURNALISM: LOGIC, EVIDENCE, RESEARCH

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course will provide students with logical, analytical and research abilities that are fundamental for informed journalism on public issues.
- **Fee:** EC \$480.

FOUNDATIONS OF JOURNALISM: WRITING

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course is designed to provide persons with practical competences and attitudes which demand a degree of involvement/complexity which allows for some amount of responsibility and autonomy at the workplace. The modules cover major areas of competencies and are organised as a group of learning experiences assembled to achieve a specific group of related objectives.
- **Fee:** EC \$480.

FUNDAMENTALS OF LABOUR LAW

Admission Requirement: The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.

Duration: 3-4 months

Description: This course is for legal clerks, paralegals and students interested in the study of law. This course includes an introduction to labour law, a review of the Employment Act of Grenada (as amended) and the Labour Relations Act of Grenada (as amended).

Fee: EC \$480.

SHORT TERM CERTIFICATE COURSES CONT'D

FUNDAMENTALS OF MARKETING

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course seeks to distinguish among the implications of the marketing product, production and social marketing concepts. It also describes the element of the marketing research process,
- the principle of marketing segmentation, the principle of pricing and the major concepts and principles of distribution.
- **Fee:** EC \$480

INTRODUCTION TO CRIMINAL JUSTICE

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course examines the historical development of the agencies comprising the criminal justice system. It explains the issues facing the different criminal justice agencies locally, regionally, and internationally, while highlighting the need for criminal justice reform. It involves a critical examination of the structure, purpose, and efficacy of the police, courts and corrections. Students will be able to identify and explain the development of these agencies, their structure, purpose; evaluate their ability to carry out their mandate; and identify the way forward for the criminal justice system..
- **Fee:** EC \$480.

CRIMINOLOGY

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course covers the causes and patterns of criminal and deviant behavior, as well as possible applications of theory for treatment and prevention
- **Fee:** EC \$480.

MODERN MANAGEMENT & ADMINISTRATION

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course introduces students to the fundamental concepts of management and administration in modern society. It provides a clear understanding of what it means to be an effective manager, supervisor and administrator, and therefore prepares students to become efficient managers, supervisors and administrators in their relevant careers
- **Fee:** EC \$580.

SHORT TERM CERTIFICATE COURSES CONT'D

PRINCIPLES OF MANAGEMENT

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.

Fee: EC \$480.

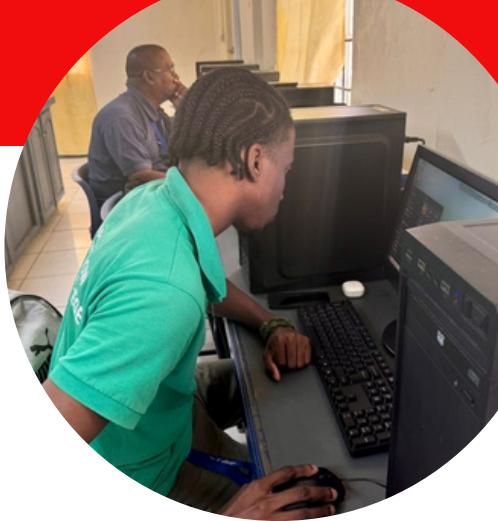

SHORT TERM CERTIFICATE COURSES CONT'D

PHLEBOTOMY AND SAMPLE RECEPTION

- **Admission Requirement:** The completion of at least secondary / high school with at least two CXC/CSEC/GCE subjects. Alternatively, experience in the same or a closely related field.
- **Duration:** 3-4 months
- **Description:** This course focuses on phlebotomy as well as the sample collection, reception and pre-analytical processing of clinical laboratory specimens. Major activities will include blood collection by venipuncture and capillary puncture. After learning the techniques by practising on a simulated arm, students will collect specimens from one another to further develop their skill-set.
- **Fee:** EC \$880

TECHNICAL DIPLOMA IN COMPUTER SYSTEMS & NETWORK TECHNICIAN

ADMISSION REQUIREMENT

Literacy and numeracy capabilities and a minimum of one year working in a similar environment or a minimum of one-year training in a certified institution or prior learning.

STUDY OPTION:

Full-Time

COST:

Tuition free for Grenadian nationals. Conditions do apply.

DESCRIPTION:

This programme focuses on specific competencies related to the CompTIA A+ and CompTIA Network + certification. The competencies require that students gain knowledge and skills in areas such as, but limited to troubleshooting methods, PC hardware installation and management, system and application software management, network architecture which includes building and scaling of networks for optimization, analyzing and troubleshooting network hardware and software. The programme will provide comprehensive knowledge concerning implementation of best industry practices regarding areas such as safety, ergonomics and data security all of which are required and in demand by every technology-based infrastructure.

CORE COURSES

- Computer Systems Theory (CompTIA A+ Core 1)
- Computer Systems Practicum (CompTIA A+ Core 2)
- Systems Applications I: Word, Internet, Worldwide Web
- Systems Application II: (Spreadsheet theory & Practicum)
- Networking Theory
- Networking Practicum
- Databases Applications
- Presentations Applications

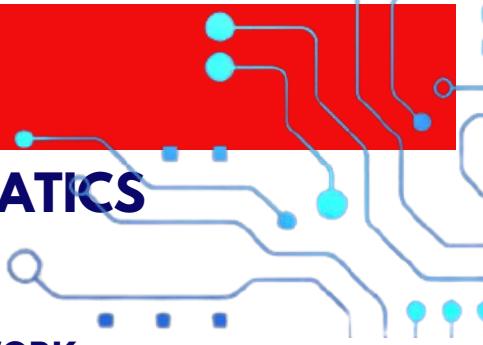

GENERAL EDUCATION COURSES

- Computations I
- Computations II
- Language & Communication
- Life & Employability Skills Seminar
- Entrepreneurial Skills
- Social Skills
- Business English & Workplace Communication
- Work Placement Seminar
- Basic Chinese/Basic French/Basic Spanish
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Customer Service Technician
- Computer Repair Specialist
- Database Administrator

PART-TIME PROGRAMMES UNDER INFORMATICS

CISCO CERTIFIED NETWORKING ASSOCIATES

- **Admission Requirement:** High School reading level, basic computer literacy, basic PC operating system navigation skills, basic internet usage skills, age 16 and over
- **Description:** The Cisco Networking Academy CCNAv7 curriculum is designed for participants who are seeking jobs in the Information & Communication Technology (ICT) industry. It is also fulfilling prerequisites for adults to pursue more specialized ICT skills.
- **Fee:** EC \$2800.00

COMPTIA A+

- **Admission Requirement:** Age 16 and above and at least 1 year experience working with Computer Hardware and software
- **Description:** The CompTIA A+ certification is the first step of your professional IT journey. It's the ideal foundational certification to get started on a career working with cutting-edge information technologies. It covers mobile, tablets, laptops, desktops and beyond. The exam verifies an individual can troubleshoot networking and security issues within operating systems such as Apple, Android, Windows and more.
- **Fee:** EC \$2175.00

COMPTIA NETWORK +

Admission Requirement: Age 16 and above. CompTIA A+ Certification or at least 1 Year experience working with Networking Equipment and Network Environment

Description: Test Purpose: This exam will certify that the successful candidate has the knowledge and skills required to implement a defined network architecture with basic network security. Furthermore, a successful candidate will be able to configure, maintain, and troubleshoot network devices using appropriate network tools and understand the features and purpose of network technologies. Candidates will be able to make basic solution recommendations, analyze network traffic, and be familiar with common protocols and media types.

Fee: EC \$2200.00

COMPTIA SECURITY +

- **Admission Requirement:** Age 16 and above. CompTIA A+ or Network + Certification or at least 1 Year experience working with Computer Hardware, Network Environment or Computer Security Environment.
- **Description:** The Security+ course covers the most important foundational principles for securing a network and managing risk. Access control, identity management and cryptography are important topics on the exam, as well as selection of appropriate mitigation and deterrent techniques to address network attacks and vulnerabilities.
- **Fee:** EC \$2160.00

TECHNICAL DIPLOMA IN COSMETOLOGY SERVICES TECHNICIAN

ADMISSION REQUIREMENT

Literacy and numeracy capabilities and a minimum of one year working in a similar environment or a minimum of one year training in a certified institution or prior learning

STUDY OPTION:

Full-Time (1 year); Tanteen Campus

COST:

EC\$3000.00 per year + \$30.00 registration fee each subsequent semester.

DESCRIPTION:

This programme focuses on hair and nail manipulation and is designed to provide students with the knowledge and skills necessary for entry level positions in Cosmetology or related career field.

CORE COURSES

- Infection Control Principles & Practices
- Hair Structure & Care I
- Chemical Texture Services
- Principles of Hair Design
- Hair Colour Principles & Processes
- Basic Esthetics
- Nail Technology
- Business Ethics
- Computerized Accounting
- Business Mathematics

RELATED AND GENERAL EDUCATION COURSES

- Information Technology I
- Information Technology II
- Language & Communication
- Entrepreneurial Skills I
- Entrepreneurial Skills II
- Social Skills
- Business English & Workplace Communication
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Hair stylist
- Salon manager
- Entrepreneur

DEPARTMENT OF TECHNICAL VOCATIONAL EDUCATIONAL & TRAINING

TECHNICAL DIPLOMA IN ELECTRICAL INSTALLATION

ADMISSION REQUIREMENT

Literacy and numeracy capabilities and a minimum of one year working in a similar environment or a minimum of one year training in a certified institution or prior learning.

STUDY OPTION:

Full-Time (1 year); St. Patrick's Campus & Tanteen Campus

COST:

Full time students - Tuition free for Grenadian nationals. Conditions do apply.

Part time students - Tuition fee is applicable

DESCRIPTION:

This programme teaches the installing of conduits, connecting and testing wiring, outlets, and switches. Installers must also design and produce diagrams for electrical systems.

CORE COURSES

- Fundamental of Electricity/Electronics
- Use of Tools, Measuring Devices & Repairs
- Electrical Installation I: Machines, Appliances and Fixtures
- Occupational Health & Safety Materials Handling
- Further Theories in Electricity/Electronics
- Electrical Installation II: Preparing Techniques
- Electrical Installation III: Domestic/Small Commercial Installation
- Planning for Electrical Installation Work

RELATED AND GENERAL EDUCATION COURSES

- Computations I
- Computations II
- Information Technology I
- Information Technology II
- Technical Drawing
- Language & Communication
- Life & Employability Skills Seminar
- Entrepreneurial Skills I
- Entrepreneurial Skills II
- Business English & Workplace Communication
- Social Skills
- Work Placement Seminar
- Basic Chinese/Basic French/Basic Spanish
- Community Service
- Introduction to College Life

POSSIBLE CAREER:

- Electrician
- Assistant Electrician

DEPARTMENT OF TECHNICAL VOCATIONAL EDUCATIONAL & TRAINING

TECHNICAL DIPLOMA IN FASHION DESIGN

ADMISSION REQUIREMENT

Literacy and numeracy capabilities and a minimum of one year working in a similar environment or a minimum of one year training in a certified institution or prior learning.

STUDY OPTION:

Full-Time (1 year); St. Patrick's Campus

Part Time : Tanteen Campus

COST:

Full time students - Tuition free for Grenadian nationals. Conditions do apply.

Part time students - Tuition fee is applicable

DESCRIPTION:

This programme deals with the skills and knowledge required to analyze fashion ideas and generate basic fashion designs. It also focuses on career opportunities within the industry and other aspects of the trainees' development including professional ethics, hygiene and grooming as well as human relations skills.

CORE COURSES

- Fashion Design Concepts I
- Fashion Production I
- Fashion Design Concepts II
- Fashion Production II
